H.E.A.T. TRAINING

FOR TEACHERS

High Level Thinking Processes (7.5 Act 48 Hours)

The High Level Thinking Processes online course explores the principles of Bloom's Taxonomy and complex thinking strategies in order to analyze and improve instructional practices in the classroom. The culminating activity for this course has participants "makeover" a lesson plan that elicits students' use of higher order thinking skills at Bloom's higher levels. Themes in this course include: Identifying Factual Data, Bloom's Taxonomy Review, and Thinking Skill Implementation Strategies.

Participants: PAEDUCATORS

When: October 3-28, 2011 (mandatory synchronous sessions on October 3 and October 28; 3:00 - 4:00 p.m.)

Where: Online

Cost: \$40.00

Registration: <http://www.bviu.org/registration> (Deadline: September 26, 2011)

Engaging Students (7.5 Act 48 Hours)

The Engaging Students online course explores strategies for engaging students and promoting their active role in the classroom learning experience. The culminating activity for this course has participants collaborate on creating a lesson plan that uses active learning techniques. Themes in this course include: Engaging Questions, Teacher Strategies for Student Engagement, and Increasing Student Engagement.

Participants: PAEDUCATORS

When: October 3-28, 2011 (mandatory synchronous sessions on October 3 and October 28; 3:00 - 4:00 p.m.)

Where: Online

Cost: \$40.00

Registration: <http://www.bviu.org/registration> (Deadline: September 26, 2011)

Authentic Connections (7.5 Act 48 Hours)

The Authentic Connections online course focuses on ways to infuse authentic, real-world situations into student learning experiences. The culminating activity for this course has participants collaborate on an authentic performance task addressing each participant's instructional content needs. Themes in this course include: Making Authentic Student Connections, Employing 21st Century Themes, and Assessing Authentic Student Products.

Participants: PAEDUCATORS

When: January 9 - February 3, 2012 (mandatory synchronous sessions on January 9 and February 3; 3:00 - 4:00 p.m.)

Where: Online

Cost: \$40.00

Registration: <http://www.bviu.org/registration> (Deadline: January 2, 2012)

Technology Tools (7.5 Act 48 Hours)

The Technology Tools online course explores a variety of FREE online tools and how they can be used effectively to support and transform student learning experiences. The culminating activity for this course has participants present a portfolio sample that analyzes the classroom implementation of a selected technology tool from the course. Themes in this course include: Exploring Technology Tools, Sharing Technology Tools, and Implementing Technology Tools.

Participants: PAEDUCATORS

When: January 9 - February 3, 2012 (mandatory synchronous sessions on January 9 and February 3; 3:00 - 4:00 p.m.)

Where: Online

Cost: \$40.00

Registration: <http://www.bviu.org/registration> (Deadline: January 2, 2012)
